GLDI-H202 GENERAL PURPOSE CLEANER

DIRECTIONS FOR USE

For General Cleaning: For floors, mix 15 mL of product per 4 L of water and apply by mop and bucket or auto scrubber. For spot cleaning walls, tables and hard surface mix 64 mL of product per 4 L of water. Carpets: For all carpet upholstery and fabric cleaning test in an inconspicuous location to ensure color fastness. For the removal of protein and organic based soils on carpets and upholstery including, blood, sodas, fruit juices, wine, grass, coffee, tea, etc. add 75 mL per liter of water. For carpet pre-spray and carpet extraction add 32 mL per liter of water.

For Disinfecting: Pre-clean heavily soiled surfaces first. Dilute 75 ml of product in 1 L of water (1:14) to achieve $\geq 5,000$ ppm in-use concentration. Apply liquid and allow surface to remain wet for 10 minutes, then wipe dry.

Description	
Physical State and Appearance	Clear, transparent liquid
Color	Colourless
Sediment	None
Odor	Characteristic
pH (concentrated)	2.5 – 3.0
Specific Gravity	1.03 – 1.05
Flash Point	None

SAFETY REMINDER

Before using this product please ensure employees read and understand the product labels and Material Safety Data Sheet. Directions for use can be found on the label as well as the MSDS. Additionally, employees can find hazard warnings, precautionary statements and first aid procedures on the MSDS sheets. MSDS are available online at greenlabscs.com or by calling 1-800-921-5527. Improper use may result in damage or injury.
