

# GLK-904 GRIDDLE CLEANER

GLK-904 quickly and effectively removes carbon and grease from grills, ovens, fryers and rotisseries.

## FEATURES, ADVANTAGES AND BENEFITS

- Biodegradable
- Leaves no odor

GLK-904-4S4

# GLK-904 GRIDDLE CLEANER

## DIRECTIONS FOR USE

**GRILLS:** Prepare a solution of equal parts GLK-904 and water and apply generously with a brush. Let stand for 5 to 10 minutes. Wipe clean with a damp cloth. Rinse well with cold potable water. Let dry. Apply a layer of “shortening” to prevent rust.

**COMMERCIAL OVENS:** Do not dilute. With an applicator, spread the cleaner directly on oven walls, grills, burners and glass. Let stand for 5 to 15 minutes. It may be necessary to lightly rub in the case of stubborn stains. Use soft nylon scrubbing pad. Wipe with a clean, damp cloth. Rinse well with cold potable water. Dry.

**FRYERS:** Scrape or remove all excess grease. Fill with cold potable water to about 10 cm (4”) from the top. Add 1 part GLK-904 to 25 to 40 parts water. Boil for 30 minutes. Scrub the greasy residue while it is hot. Drain completely. Rinse well with cold potable water. Dry.

## SAFETY REMINDER

Before using this product please ensure employees read and understand the product labels and Material Safety Data Sheet. Directions for use can be found on the label as well as the MSDS. Additionally, employees can find hazard warnings, precautionary statements and first aid procedures on the MSDS sheets. MSDS are available online at [greenlabscs.com](http://greenlabscs.com) or by calling 1-800-921-5527. Improper use may result in damage or injury.

Product Code	Package Size
GLK-904-4S4	4 X 4L Bottles

Description	
Physical State and Appearance	Clear, transparent liquid
Color	Colourless
Sediment	None
Odor	Odorless
pH (concentrated)	13 - 14
Specific Gravity	1.1 – 1.3
Flash Point	None
