

GLR-700

SCENT FREE WINTER NEUTRALIZER

GLR-700 is a scent-free citric acid based cleaner and neutralizer. It removes soils and films associated with winter conditions. GLR-700 can be used as a daily cleaner on floors and other surfaces not damaged by water, effectively removing residues from ice melters, rock salt, and hard water residue.

FEATURES, ADVANTAGES AND BENEFITS

- Removes soap film and mineral deposits from all flooring and fixtures
- Will not harm finished or unfinished surfaces
- Neutralizes alkaline residues on floors after stripping
- Effective against tannin stains (i.e. coffee, tea, etc.)
- Does not contain harsh acids, alkalis or solvents used in competitive products
- Leaves floors shining and clean
- Compliments resilient floor care programs
- Effective against tough stains
- Reduces liability and safety concerns
- Designed for daily use
- Can be used effectively in large areas.

DIRECTIONS FOR USE

Always rinse with clear water. Do not mix with chlorine-containing products or bleach. Mix only with water. Do not contaminate food, feed or potable water during use or storage of this product. The amount of product used should not be in excess of that required to achieve its intended technical effect. Let walk-off matting soak for at least 10 minutes so that the solution can work on the salt. Wet-vac or extract residue.
